

HPACG3

Audio Video Cable (Green)

High Flex OFC Cable -
Maintains flexibility for easier routing and durability.

Oxygen Free Copper construction with PVC dielectric for low signal loss and excellent shielding.

Fully Shielded - Braid over foil shielding for excellent RF and EMI interference protection. Improves signal quality.

Gold Plated Connectors - Maximum signal transmission and corrosion resistance for reliability.

Color Coded Bands - Easily identify and route cables for proper connections.

Connector

RCA / RCA
