

# HPAVCC3

## Audio Video Cable (Red, Blue, Green)

**High Flex OFC Cable** - Maintains flexibility for easier routing and durability.

Oxygen Free Copper construction with PVC dielectric for low signal loss and excellent shielding.

**Fully Shielded** - Braid over foil shielding for excellent RF and EMI interference protection. Improves signal quality.

**Gold Plated Connectors** - Maximum signal transmission and corrosion resistance for reliability.

**Color Coded Bands** - Easily identify and route cables for proper connections.

### Connector

RCA / RCA

### Length

78 inches  
(2000mm)
